

CALABRIA

Capture the performance and features of a traditional touring kayak for the price of a recreational kayak. The Calabria's low profile and light weight define the essence of a quality day touring kayak. Blending amazing primary and secondary stability, the Trihedral hull ensures user-friendly carving and hassle free tracking. Effortless paddling and spectacular glide are unprecedented in this 14' 5" design. The stern hatch combines neoprene, hard plastic and quick-release webbing straps making it ideal for day touring. The most notable, value-added features include adjustable thighbraces, seat, backbrace, deck line and gas pedal style footbraces. The ideal kayak for day paddles in bays, lakes and anywhere one can take advantage of this feature filled craft.
