

ESKI

The Eski is a graceful, speedy and lightweight high performance touring kayak that has proven itself as a successful racing touring hybrid. As is required in racing, the Eski is easy to maneuver and quick to respond. Precise in the carve, this kayak has an almost mystical combination of acceleration and glide. This gem is full of features like deck line, a bow deck pack net, recessed fittings, gas pedal-style rudder control and spacious flush-to-deck bow and stern hatches that combine neoprene, hard plastic and quick-release webbing straps. The ergonomic cockpit area is easy to enter or exit. Perfect for training, day trips and extended treks.
